## EXPERIENCE

**Founder & Integration Consultant** *Dec 2025 - Present*
Idunn · Yakima, Washington, USA
- Founded and built a compliance and operations platform for tree-fruit growers and packers, now owned in-house by two packing houses and three growers across 2,000+ acres
- Replaced buyers' six-figure annual software licences and paper records with one system linking grower field data to packing-house compliance and traceability
- Shipped AI features that turn field notes into structured spray, labour and compliance records, and let users query their own data in plain English via Claude or ChatGPT
- Built the web, iOS and Android apps AI-first with Claude Code, automating re-entry notices, pre-harvest clearances and export residue screening

**Digital Marketing Consultant** *Nov 2025 - May 2026*
Self-Employed · Remote
- Built AI chatbots, automations and websites for seven hospitality, retail and services clients
- Raised holiday-rental bookings 40% in three months via direct booking, new channels and events
- Automated enquiries, lead routing and content, saving clients 5-15 admin hours a week

**Summer Credit Underwriting Analyst** *Jul - Sep 2024*
AgWest Farm Credit · Spokane, Washington, USA
- Analysed repayment capacity for 10 agricultural borrowers with $10M-$50M credit exposures
- Produced commodity-futures research incorporated into quarterly portfolio-risk reporting

**Orchard Manager** *Mar 2019 - Aug 2026*
Dog River Ranch, LLC · Parkdale, Oregon, USA
- Coordinated a 100+ person harvest crew across a fifth-generation, 1,500-acre apple and pear operation
- Improved packout ~5 points via tighter harvest oversight; managed lender and packer relationships
- Identified the compliance and record-keeping gaps that became the founding brief for Idunn
